

**Georgetown University School of Medicine
External Award Review Committee
2010 – 2011**

With input from the leadership of the Research Committee, this committee was established to evaluate and recommend applications from Medical Center faculty who are eligible and interested in applying for external awards (*e.g.*, Burroughs-Wellcome, Howard Hughes, Searle, etc.). Based on the prestigious nature of many of the awards, this committee performs the very important function of recommending only the most competitive candidates to represent GUMC in the competition.
